Take the pressure out of repayments.

Credit Card Repayment Protection could help make your repayments or pay off your balance if you can't.

Credit Card Repayment Protection is optional insurance that could help make your repayments if you unexpectedly lose your job, or can't work because of illness or injury, allowing you to focus on getting back on your feet. It could also pay off your outstanding balance (up to \$50,000) if you pass away, so your loved ones aren't left with your debt.

If you have it, your monthly premium appears in your credit card transactions as "Credit Card Repayment Protection", and may be subject to credit card interest charges.

Please be aware that policy limits and exclusions apply which mean you won't be covered in some instances as set out in the Product Disclosure Statement (PDS) or policy wording e.g. for voluntary redundancy or resignation, if your employment ceases at the end of a contract, or if you're aged 66 years or over.
